MODERN FLAMES

INTRODUCING THE ORION® SERIES,

The future of electric flame technology is virtual

The Orion® Series is a groundbreaking advancement in electric flame technology, revolutionizing the concept of virtual fireplaces. This innovative series offers an unparalleled level of realism, creating a lifelike fire experience in an electric fireplace.

One of the key features of the Orion® virtual fireplace is its optimized technology, which ensures the highest level of performance. The result is a truly immersive and authentic flame that captures the essence of a real fire. With three flame style choices and a wide range of color options for the flame, embers, and downlighting, you can customize your fireplace to suit your preferences. In fact, there are six flame colors available, providing you with 18 different flame color displays to choose from. Whether you're standing or sitting, the image quality remains consistent, thanks to the advanced Heliovision® technology.

The Orion® Series is available in three different models: Traditional, Multi, and Slim. The Orion® models offers multiple sizes, giving you flexibility in choosing the right fit for your space. Additionally, it provides four installation options to accommodate various settings. The viewing area for the linear model is up to 18" high, while the traditional model can go up to 30" in height.

With the Orion® Series, you can elevate any environment and create a stunning focal point. Whether it's in a residential setting, a hospitality venue, or a commercial space, the Orion® virtual fireplace combines innovation and aesthetics to deliver an exceptional experience. Step into the future of electric flame technology with the Orion® Series.

- Innovative Heliovision® Flame Technology
- Multiple Flame Styles to Choose from
- WiFi, Remote, & Manual Controls
- Multi-Dimensional Flame Appearance
- Multi-Color Down Lighting to Accent Logs
- Multi-Color Ember Bed Lighting to Accent Reflective Glass
- Multi-Color Lit Logs on Traditional Models
- No Gas Lines or Venting Required
- 100% Electric!

ORION® TRADITIONAL Built-in Flush Electric Fireplace

Modern Flames has revamped its built-in, flush mount conventional fireplace category with its new Orion® Traditional electric fireplace. The Orion® features our new innovated Heliovision® flame technology maximizing the flame height in an enlarged, vertical viewing area with the most realistic electric flame on the market.

ORION® TRADITIONAL Insert Electric Fireplace

BEFORE

Update your old fireplace with this premium electric fireplace insert. With efficient heat and beautiful Heliovision® flames, it's designed as an alternative to a wood-burning fireplace and provides a beautiful and affordable substitute.
